 Number po4121
 Status
 Adopted December 11, 1989
 Last Revised June 30, 2010

4121 - CRIMINAL HISTORY RECORD CHECK

In accordance with State law, the Board of Education requires a criminal background check including information from the Bureau of Criminal Identification and Investigation (BCII) and the Federal Bureau of Investigation (FBI) of each applicant the Superintendent recommends for employment on the District's non-teaching staff as well as for all current non-teaching employees on a periodic basis. These requirements apply to any non-teaching employee, including individuals employed by a private company under contract with the Board to provide essential school services in accordance with Policy 8142, and all substitutes and persons employed on a part-time basis such as coaches or activity supervisors.

Specific rules relating to employees engaged in the operation of a vehicle for student transportation (bus/van drivers) and non-teaching employees who are also licensed by the Ohio Department of Education (e.g. aides with a permit, paraprofessionals with a license, and those individuals who do not hold a valid educator's license but who are employed by the Board under a student activity permit) shall be implemented as prescribed by law and applicable administrative code.

A criminal background check is not required of any currently-employed staff member who is a candidate for another position in the District, unless otherwise required by law and/or this policy.

The Board authorizes the Educational Service Center to undertake the criminal history check for individuals the Board may employ.

The Superintendent shall establish administrative guidelines that require an appropriate records check that complies with the law.

Any information and records obtained from such inquiries are not public records and shall be kept confidential and not released or disseminated.

Should it be necessary to employ a person to maintain continuity of the District's operations, prior to receipt of the criminal history record, the Superintendent may, except in the case of a bus driver, employ the person on a provisional basis until the report is received.

Effect of Guilty Plea and/or Conviction of Enumerated Crimes - All Non-Teaching Employees

Non-teaching employees who are also licensed by the Ohio Department of Education (e.g., aides with a permit, paraprofessionals with a license, and those individuals who do not hold a valid educator's license but who are employed by the Board under a student activity permit) who engage in conduct unbecoming the teaching profession and/or who it is determined have pled guilty to or have been convicted of any offense enumerated under R.C. 3319.39(B)(1), including a judicial finding for intervention in lieu of conviction and/or participation in a pre-trial diversion program relating to any of the offenses listed therein, are subject to the mandatory reporting requirements set forth in Policy 8141, in addition to an action by the Board to terminate their employment. In addition, consistent with State law and Policy 4138, the Superintendent shall immediately suspend such licensed non-teaching employees from all duties that require the care, custody, or control of a child during any pending criminal action for which that licensed, non-teaching staff member has been arrested, summoned and/or indicted for any crimes set forth in R.C. 3319.31(C).

A comprehensive list of crimes which must result in a suspension are set forth in AG 4121.

All other non-teaching employees who are the subject of a criminal records check including applicants hired provisionally in advance of a completed criminal records check, as well as student transportation employees (bus/van drivers, preschool and special needs bus aides), and/or individuals employed by a private company under contract with the Board to provide essential school services in accordance with Policy 8142, who it is determined have pled guilty to or been convicted of any offense enumerated under R.C. 3319.39(B)(1), including a judicial finding for intervention in lieu of conviction and/or participation in a pre-trial diversion program relating to any of the offenses listed therein, shall not be hired or shall be released from employment, as applicable, unless such individual meets the rehabilitation standards adopted by the Ohio Department of Education under division (E) of that section at the time of the hiring and/or upon discovery of such plea or conviction by the Board.

In the case of employees hired by the Board to operate a vehicle used for student transportation (i.e., bus/van drivers), a guilty plea or conviction of a crime to any offense listed in R.C. 3319.31(C) or A.C. 3301-83-23(A)(6)(c) will serve as a bar to further employment with the Board and the rehabilitation standards will not apply.

Suspension From Duties Involving Care, Custody or Control of a Child for Arrest, Summons and/or Indictment for Certain Crimes

In accordance with State law and Policy 4138, the Superintendent (or Treasurer in the case of an employee whose duties are assigned by the Treasurer) shall immediately suspend any non-licensed, non-teaching employee from all duties that require the care, custody, or control of a child during any pending criminal action for which that staff member has been arrested, summoned and/or indicted for any crimes listed under R.C. 3319.39(B)(1).

4162 - DRUG AND ALCOHOL TESTING OF CDL LICENSE HOLDERS AND OTHER EMPLOYEES WHO PERFORM SAFETY SENSITIVE FUNCTIONS

The Board of Education believes that the safety of students while being transported to and from school or school activities is of utmost importance and is the primary responsibility of the driver of the school vehicle. To fulfill such a responsibility, each driver, as well as others who perform safety-sensitive functions with Board-owned and/or operated ("Board-owned") vehicles must be mentally and physically alert at all times while on duty. To that end, the Board has established this policy and others related to employees' health and well-being.

For purposes of this policy and the guidelines associated with the policy, the following definitions shall apply.

- A. The term *illegal drug* means drugs and controlled substances, the possession or use of which is unlawful, pursuant to Federal, State, and local laws and regulations.
- B. The term *controlled substance* includes any illegal drug and any drug that is being used illegally, such as a prescription drug that was not obtained or not used for its intended purposes or in its prescribed quantity. The term does not include any legally-obtained prescription drug used for its intended purpose in its prescribed quantity unless such use would impair the individual's ability to safely perform safety-sensitive functions.
- C. The term *controlled substance abuse* includes excessive use of alcohol as well as prescribed drugs not being used for prescribed purposes, in a prescribed manner, or in the prescribed quantity.
- D. The term *safety-sensitive functions* includes all tasks associated with the operation and maintenance of Board- owned vehicles. This term further includes any period in which an individual is actually performing, ready to perform, or immediately available to perform any safety-sensitive function.
- E. The term *CDL license holder* means all regular and substitute bus drivers, other staff members who may drive students in Board-owned vehicles or inspect, repair, and maintain Board-owned vehicles.
- F. The term *while on duty* means all time from the time the CDL license holder begins to work or is required to be in readiness for work until the time s/he is relieved from work and all responsibility for performing work.

The Board expects all CDL license holders to comply with Board Policy 4122.01 on Drug Free Schools which prohibits the possession, use, sale, or distribution of alcohol and any controlled substance on school property at all times. Further, the Board concurs with the Federal requirement that all CDL license holders should be free of any influence of alcohol or controlled substance while on duty.

The Board directs the Superintendent to establish a drug and alcohol testing program whereby each regular and substitute bus driver, as well as any other staff member who holds a CDL license, is tested for the presence of alcohol in his/her system as well as for the presence of the following controlled substances:

- A. Marijuana
- B. Cocaine
- C. ~~Opioids~~~~Opiates~~
- D. Amphetamines
- E. Phencyclidine (PCP)

The drug tests are to be conducted in accordance with Federal and State regulations a.) prior to employment, b.) for reasonable cause, c.) upon return to duty after any alcohol or drug rehabilitation, d.) after any accident, e.) on a random basis, and f.) on a follow-up basis.

Candidates shall also be tested for the presence of alcohol in their system prior to employment.

Any staff member who tests positive shall be prohibited from performing or continuing to perform his/her safety-sensitive functions (e.g., driving any Board-owned vehicle) and be referred to the District's Employee Assistance Program.

Furthermore, if during any test the lab determines that an adulterant has been added to the specimen, then the test will be considered positive and the employee shall be prohibited from driving any school vehicle and be referred to the District's Employee Assistance Program and/or the employee will be re-tested with an observed collection to prevent the addition of an adulterant to the specimen.

Any staff member who refuses to submit to a test shall be prohibited from performing or continuing to perform his/her safety-sensitive functions (e.g., driving any Board-owned vehicle).

Staff member who voluntarily disclose that they have an addiction to alcohol or controlled substances may participate in the Employee Assistance Program, and will qualify for the receipt of medical insurance benefits for treatment of alcohol or substance abuse, including follow-up care, to the extent that such benefits are provided for or offered in the Board's health insurance package. Voluntary disclosure of an alcohol or drug addiction by a staff member will not subject the staff member to disciplinary action unless such disclosure is made after the staff member is selected to be tested or immediately prior to the selection of staff members to be tested. Nothing herein shall prevent the Board from disciplining a staff member for misconduct associated with his/her alcohol and/or drug use regardless of whether the employee has disclosed that s/he has an alcohol or drug addiction.

A staff member will be subject to disciplinary action, up to and including termination, for any of the following reasons:

- A. reports for duty or performs work while having an alcohol concentration of 0.04 or greater
- B. reports for duty or performs work while testing positive for using a prohibited drug, or while being under the influence of a prohibited drug
- C. refuses to submit to drug and/or alcohol testing
- D. alters or attempts to alter or unduly influence alcohol and/or drug testing results
- E. fails to remain readily available for post-accident testing (including notifying his/her supervisor of his/her location, if the staff member leaves the scene of the accident prior to the submission of a post-accident test, unless the staff member's departure is to obtain necessary emergency medical care)

Prior to the beginning of the testing program, the Board shall provide a drug-free awareness program which will inform each CDL license holder about:

- A. the dangers of illegal drug use and controlled substance and alcohol abuse;
- B. Board Policy 4122.01 - Drug-Free Workplace, Policy 4161 - Unrequested Leaves of Absence, Policy 4170 - Substance Abuse, and Policy 4170.01 - Employee Assistance Program;
- C. the topics identified in AG 4162A;
- D. the sanctions that may be imposed for violations of Policy 4122.01.

All time spent undergoing an alcohol or controlled substance test, including travel time, will be paid at the staff member's regular rate of pay, or at his/her overtime rate, if applicable. Any staff member who is not allowed to return to work while awaiting test results will be compensated during the waiting period for all work time lost, including overtime, if applicable. The Board shall pay all costs associated with the administration of alcohol and controlled substance tests. This includes testing of the "split specimen" at a Federally certified laboratory if so requested by a staff member. The Board will not pay for the employee's time while not on duty, if the split specimen test results are positive.

Alcohol and drug test results shall be protected as confidential medical records as appropriate under the Americans With Disabilities Act (i.e. test results shall be provided on a right to know basis – the employee, the employer, and the substance abuse professional – and the results shall not be presented until analyzed by a Medical Review Officer).

A tested individual, upon written request, will have access to any records relating to his/her use of drugs and alcohol, including any records pertaining to his/her drug and alcohol tests. A tested individual must provide written authorization before his/her test result can be provided to any other person except a government agency specified in the applicable Federal regulations.

All tests shall be conducted in accordance with Federal testing guidelines and be performed by a laboratory that is Federally certified (i.e. testing procedures and devices used will be as set forth in 49 C.F.R. Part 40).

The alcohol and drug testing program shall be under the direction of the Superintendent ~~or designee~~.

The Superintendent shall arrange for the required amount of training for appropriate staff members in drug recognition, in the procedures for testing, and in the proper assistance of staff members who are subject to the effects of substance abuse.

The Superintendent shall submit, for Board approval, a contract with a certified laboratory to provide the following services:

- A. testing of all first and second test urine samples
- B. clear and consistent communication with the District's Medical Review Officer (MRO)
- C. methodology and procedures for conducting random tests for controlled substances and alcohol
- D. preparation and submission of all required reports to the District, the MRO, and to Federal and State governments

The Superintendent shall also select the agency or persons who will conduct the alcohol breathalyzer tests, the District's MRO, and the drug collection site(s) in accordance with the requirements of the law.

Educational materials explaining the requirements of the Federal regulations and of the Board's policies and procedures to meet the Federal regulations shall be provided to all staff members, including the following:

- A. the name of the person designated by the Board to answer questions about the materials
- B. information sufficient to make clear to employees the period of the work day during which they are required to comply with the regulations
- C. information concerning what conduct is prohibited
- D. the circumstances under which employees are subject to testing
- E. the procedures for testing in order to protect the employee and the integrity of the testing process, to safeguard the validity of the test results, and to confirm the results are attributed to the correct employee
- F. the requirement that staff members must submit to testing as required by the regulations
- G. an explanation of what constitutes a refusal to be tested and the attendant consequences
- H. the consequences of testing positive, including the requirements of immediate removal from safety-sensitive functions, and the procedures regarding referral, evaluation, and treatment
- I. the consequences for a test indicating an alcohol concentration greater than 0.04, and
- J. information concerning the effects of alcohol and drug misuse on an individual's health, work, and personal life; signs and symptoms of an alcohol problem (the employee's or a co-worker's); and available methods of intervening when a drug or alcohol problem is suspected (including confrontation and how to refer someone to an Employee Assistance Program or to management)

These materials are to be distributed to each staff member upon being hired or transferred into a covered position thereafter. Each staff member must sign a statement certifying receipt of these materials. Each employee (and labor organization representing Board employees) shall receive written notice of the availability of this information, and the identity of the Board's designated representative in charge of answering employee questions about the materials.

In order to acknowledge each student's successful completion of the instructional program, appropriate to the achievement of District goals and objectives as well as personal proficiency, the Board of Education awards a diploma to eligible students at a graduation ceremony.

The Board shall award a regular high school diploma to every student enrolled in this District who meets the requirements of graduation established by this Board or who properly completes the goals and objectives specified in his/her individualized education program (IEP) including either the exemption from or the requirement to complete the tests required by the State Board of Education in order to graduate. In addition to earning course credits, each student must earn the required number of points, unless exempted, on the tests required by the State Board of Education to graduate.

For the Class of 2018 and beyond, a diploma shall be awarded to students meeting the curriculum credit requirements and who achieve one of the following three options: a cumulative passing score with the required number of points in each area on end of course exams, earn the required points on the WorkKeys assessment and an approved industry-recognized credential, or earn a remediation-free score in English language arts and mathematics on the ACT or SAT, subject to limitations on assessments as outlined below.

CHOOSE OPTION #1 OR OPTION #2

[Option #1]

The requirements for graduation from high school include earning twenty (20) units of credit in grades nine through twelve as established in State law and passing the graduation tests required by the State Board of Education or meeting the alternative pathway to graduation. However, no student shall be required to remain in school for any specific number of semesters or other terms if the student completes the required curriculum early.

[Option #2]

The requirements for graduation from high school include passing the graduation tests required by the State Board of Education or meeting the alternative pathway to graduation, and earning 21 units of credit in grades nine through twelve as follows:

Certain students are not required to take the college and career readiness assessments administered to all eleventh (11th) grade students:

- A. students who demonstrate they are remediation-free on the English, math and reading nationally-recognized assessments prior to the administration of the college and career readiness assessments;
- B. students with significant cognitive disabilities who take an alternative assessment and students with intellectual disabilities outlined in state guidance, and

- A. taught by a person who possesses a license/certificate issued under State law that is valid for teaching high school;
- B. designated by the Board as meeting the high school curriculum requirements.

For students graduating in the class of 2018 and beyond:

The District will comply with State Board of Education requirements for graduation. Students shall earn required credits for graduation in the appropriate subject areas, and achieve one of three pathways:

- A. earning a State Board of Education approved, industry-recognized credential or group of credentials and a workforce readiness score on the Workkeys assessment; or
- B. earning a cumulative score on end of course exams equal to State Board requirements for the year of graduation; or

An honors diploma shall be awarded to any student who meets the established requirements for graduation or the requirements of his/her IEP; attains the applicable scores on the tests required by the State Board of Education to graduate; and meets any additional criteria the State Board may establish.

Commencement exercises will include only those students who have successfully completed requirements for graduation as certified by the high school principal or those students who have been deemed eligible to participate in such exercises in accordance with the terms of their IEP. No student who has completed the requirements for graduation shall be denied a diploma as a disciplinary measure. A student may be denied participation in the ceremony of graduation when personal conduct so warrants.

The Board also shall grant a diploma of adult education to all District residents over the age of twenty-one (21) who meet the requirements established by the State Board of Education.

The Superintendent shall establish whatever administrative guidelines are necessary to comply with State rules and regulations.
